

We would like to thank a few people that made this training possible.

Logan Fabela, Canyon HS Teacher

Logan provided invaluable assistance and intellect regarding the technical process of publishing this training and generating certificates for thousands of users. His patience and skills were admirable and abundantly appreciated. His dedication for assisting Bridge staff in completing this process is astounding and admirable.

Tracey Morman, Amarillo ISD Director of Counseling-College & Career Readiness

Tracy was an integral part of coordinating outreach regarding the training to multiple educators throughout the training. Tracy's involvement has directly influenced multiple professionals in having access to this training. Tracy was a guiding force for the development of an online training program, and without her help, this project would not have reached the number of individuals and children that it has.

April Leming, Former Executive Director of The Bridge CAC/AmeriCorps Program Director

Finally but not last, the Bridge would like to thank former Executive Director of the Bridge Children's Advocacy Center for all of her time, creativity, and ambition for this training. This online training was created based on April's beautiful vision for providing the community with an enjoyable and accessible way to learn more about child abuse and neglect. April's vision and work will continue to impact professionals and families for many years to come.

Thank you so much for all of the supporters of The Bridge Children's Advocacy Center and our continued work in providing healing and justice to children throughout the Texas Panhandle.
